AUDITOR'S REPORT

January 31, 1961

This is to certify that we have examined the accounts of the Selectmen, Town Treasurer, Town Clerk, Tax Collector, Water Accountant, Library Trustees, Trustees of the Trust Funds, Town Nurse, Municipal Court, Youth Center, and Chief of Police, and find them correct with the proper vouchers.

WENDELL ANDERSON
CARL CRAGGY

Auditors

REPORT TO THE PEOPLE

This report covers the Town's activities for the year of 1960.

General Government

"General Government" encompasses town officers' activities, municipal court, election and registration, and the maintenance of town buildings and structures.

The major change that took place in the town office was the addition of a plan file. The file has five large sliding drawers that can hold blueprints and maps. The file was needed because the vault located in the town office had an excess amount of records. As a result, a more suitable place had to be found for the town plans.

A new fifty-star flag was purchased for the municipal court. Prior to the purchase of the banner, there was no flag in the court.

New wood frame voting booths were built by the Town. The construction of the booths was necessitated by the fact that all elections now are being held in the high school gymnasium. The booths, when not in use, are taken apart and stored under the stage.

Various maintenance expenses had to be incurred to improve the town clock, foot bridge, and covered bridge.

The face of the clock was caked, shingles on the steeple were replaced, and the windows around the clock were puttied.

The foot bridge was repainted in part with aluminum paint, and the cellar that houses the tension cables coming off the bridge near Brooklyn Street was repaired. The cellar is actually a ditch dug several feet below the ground. The cables enter this ditch and are anchored at the bottom of it. The cellar had heavy beams around its sides and was covered by a platform of wood. The beams and the platform had decayed so much that they had to be replaced. Instead of installing new beams made out of wood, cement blocks were used to form the sides of the cellar. The new masonry work should last longer and will provide a more solid foundation for the platform which still consists of wood.

The fence on each side of the road leading from the covered bridge to Brooklyn Street was replaced. The old fence was falling down and needed extensive repairs. The fence presented a hazard because of its poor condition. New planks and posts were used and the rebuilt fence then was painted.

The concrete abutment on the Brooklyn Street side of the bridge also was repaired. Most of the abutment's foundation had been washed away. Masonry work, therefore, was done to strengthen the foundation.

Protection of Persons and Property

"Protection of persons and property" includes the police department, fire department, planning and zoning activities, health department, dump maintenance, civil defense, blister rust and care of trees, and Northumberland rubbish collection.

In April, the Town purchased a new police car to replace the station wagon. The new car is equipped with a heavy duty electrical system and a heavy duty heater so that it will withstand the cold winters. The Town also equipped the car with a "penetrator" which is a three-in-one-unit. The "penetrator" is mounted on the top of the car and looks like an ordinary speaker but can serve as an electronic siren, a public address unit, or a radio amplifier. As a siren, it beams 90% of its sound directly ahead. Conventional sirens spread their sound at a 360 degree angle. As a public address unit, the "penetrator" can be used to control crowds, give warnings to pedestrians crossing a street, and describe parades. As an amplifier, it will relay police calls over the speaker to the officer when he is outside of the car directing traffic or at the scene of an accident.

An ordinance regulating the parking of vehicles on Main and State Streets was put into effect. The ordinance permits only two-hour parking between 7 A.M. and 6 P.M. on Monday through Saturday on Main Street between the Boston and Maine Railroad crossing to the south and the Canadian National Railroad crossing to the north and on State Street between the Boston and Maine Railroad crossing on Mechanic Street to the east and Arlington Avenue to the west.

At the request of the Town, the State installed six stop signs on various Town and State maintained streets that enter Route Three. Stop signs were placed on Mechanic Street at the Odd Fellows corner, on Main Street where Bailey's Department Store is located, and on Church Street (at Ryan's Chevron Station and where Church Street meets State Street near the elementary school). All of the aforementioned streets are maintained by the Town. Stop signs also were installed at the southerly and northerly junctions of the Ball Road and Route Three. The Ball Road is maintained by the State.

The Zoning Board of Adjustment heard five cases during the year. Three variances and two special exceptions were requested. A special exception is a relaxation of the terms of the Zoning Ordinance and permits under stated conditions a use that is otherwise prohibited. A special exception must be specified in the Zoning Ordinance. A variance is also a relaxation of the terms of the Zoning Ordinance, but there is no specific provision in the Ordinance for it.

In all of the cases the Zoning Board granted the requests. One of the cases involved the Groveton Lions Club. The Club, on behalf of the United States Post Office Department, requested a variance to permit the proposed new post office to extend 67 feet into the district zoned Residential. The post office is to be located on the corner of Church and Rich Streets.

Six trees with the Dutch Elm disease were cut down. Three of the trees were located in Monument Park near Main Street. The trunks of the trees also were removed and the holes were covered with loam and grass seed. Two of the other three trees that were cut down stood at the public cemetery. The sixth tree was located near the corner of Morse and Preble Streets.

Shepard Mahurin, the Civil Defense Director, drew up and sent to the State the specifications for the warning system that the Town was authorized to purchase with matching funds. The speakers and control box which comprise the system will not be delivered until the State is able to raise its share of the cost of the system, which will be approximately one-half.

The Town dump was exterminated for rats twice during the year. The exterminations occurred in the first part of the summer and in early fall.

Bids were requested on the collection of rubbish in Northumberland Village. Ernest Normandeau and Son were the successful bidders. They collected the rubbish for a period of 26 weeks, beginning with the first week in May.

Public Works

"Public works" is concerned with all highway activities.

The Northumberland-Guildhall Bridge was washed down for the first time in many years. The purpose of the washing was to clean out the pockets of dirt, consisting of paper, leaves, small branches, etc., which had collected under the expansion rollers and in various spots along the sides of

the bridge.

Numerous streets were surface treated in the summer. They included Eames, Park, Pleasant, Bearse, Goulet, Prospect, Odell, Fiske, High, and Brookside Streets. West Place and parts of both Highland Street and Hillside Avenue also were treated. Asphalt was used on all of the streets. However, because Goulet and Brookside Streets and West Place were gravel roads, a thicker grade of asphalt was used on them.

The TRA funds were used to build a new gravel road which replaced a portion of the North Road. The section of road replaced had several curves which were hazardous. The new road is straight and provides more safety.

Snow removal for the year cost \$6,987.30. This figure includes \$5,036.05 for Town labor and \$1,951.25 for hired vehicles. Nonskid treatment, which is the application of salt to paved roads and of sand to gravel roads, cost \$1,775.79 for Town labor. Salt and sand cost a total of \$1,817.90.

Public Utilities

"Public utilities" deals with water and sewer maintenance.

During the year numerous service lines were replaced. Many service lines in Town consist of galvanized steel and wrought iron pipe. The acidity and alkalinity of the soil will affect these materials. Therefore, when corrosion occurs, the pipes have to be replaced. It is the policy of the Town to replace its portion of the service line with copper tubing. The Town's portion goes from the water main to the service box which is located on the property line. This past year the replacement of service lines cost \$1,440.64.

In May, the Town replaced the 200-foot water line that comes off the water main on Melcher Street and goes up First Street. This short line, which serves three buildings, consisted of one-inch galvanized steel which had corroded. In place of the steel pipe, 200 feet of one and a quarter inch copper tubing was used. The copper tubing will last longer than the steel, and the extra quarter inch will increase the water pressure.

In addition to replacing one water line, the Town installed two small water lines. The lines, which serve several new dwellings, are 180 feet and 189 feet in length.

Instead of cleaning the sewers with rods, the Town experimented during the year with a chemical compound that dissolves organic matter. The compound, which is put into the

sewers at the manholes, has been very effective. If the compound continues to be satisfactory, its use would save the Town money when it comes to cleaning the sewers.

New Construction and Improvements

This past year was marked by numerous capital improvements.

The Town purchased land across the street from the high school from Mr. and Mrs. Thomas Morris and from Mr. and Mrs. Arthur Cassidy to be used as part of the skating rink.

The Old Town Meetinghouse Project was almost completed. The Meetinghouse is located on Route Three across the highway from the Alton Potter farm. The exterior of the building has been renovated but work still remains to be done on the inside.

The cyclone fence that surrounds the elementary school was moved back in two places. The section of the fence that faces Main Street was moved back so that a ramp to hold the school buses could be constructed. The purpose of the ramp is to take the buses off the street so that traffic will not be delayed when students are being discharged or picked up.

The section of the fence that abutts Church Street where the street forms two divisions also was moved back. This part of Church Street presented a hazard because it did not have sufficient space to handle two-way traffic. The moving of the fence solved the problem because it enabled the street to be widened at this point.

Two new water lines were laid. One line was an extension of the six-inch water main that ended at the Philip Meunier residence near the D. W. Highway. The water main was extended along the D. W. Highway and then down the Brown Road for a total distance of 4,100 feet. Although the line was to be extended only 2,700 feet, the Town decided to extend the line further because money had been saved by using asbestos-cement pipe instead of cast-iron pipe which is more expensive. The land in which the new line was laid has a gravel base, and asbestos-cement pipe is ideal for this type of land.

Asbestos-cement pipe, itself, is easier to handle than cast-iron pipe because it is lighter in weight. Furthermore, asbestos-cement pipe will resist corrosion on the outside and will not be affected by tuberculation, which is internal pipe

corrosion. Cast-iron pipe can be lined with cement on the inside to combat the effects of internal corrosion, but this kind of pipe is comparatively expensive.

Therefore, because money was saved by using asbestos-cement pipe, the Town felt justified in extending the line further and, by doing so, in giving additional property owners needed water and fire protection. It was the Town's belief that, if the people were willing to spend \$13,000.00 for 2,700 feet of water line, they should be more than satisfied if they could get a 4,100-foot water line for the same amount of money.

The cost of labor, equipment, and material is continually on the rise. The additional 1,400 feet of water line, if laid in future years, would have cost much more than it did.

As a direct result of the extended water line, three new homes already have been built. It also should be pointed out that the properties abutting the new line, not including the three new homes, pay taxes which, when combined, would pay for the water line in three and one-quarter years if the taxes were applied to amortizing the cost of the line and were not used for any other purpose.

The Town also laid a six-inch water line on Highland Street between First and Maple Streets. Cement-lined, cast-iron pipe was used for this particular water line. The land in this area has much ledge. Where there is ledge there tends to be vibrations. Consequently, the Town decided to use cast-iron pipe on account of its structural strength.

In addition to the laying of the water line, the Town laid a six-inch sewer line and built a gravel road on Highland Street between First and Maple Streets. Before the road was built, this particular section of Highland Street was not developed. The new street, which still has work to be done on it, eventually will be treated with asphalt.

Other Activities

Faced with the problem of a growing public cemetery, the Town decided that the only way to keep the cemetery neat and attractive at all times would be to have it cared for on a full-time basis. Therefore, instead of hiring a contractor to maintain the cemetery on a part-time basis, the Town for the first time had its own employees care for the cemetery.

If the cemetery is to remain attractive, the Town must continue to maintain it. In the past, the trust funds were

able to cover most of the cost of maintaining the cemetery. Today, however, the trust fund lots represent a minority of the lots located at the cemetery. Consequently, if the Town does not take care of the entire cemetery but just lets the trustees take care of their own lots, the cemetery will not look presentable.

For the second straight year, the Town invested money in U. S. Treasury Notes. In 1959 we earned \$909.61 from these investments. In 1960 a total of \$1,011.80 was earned.

The \$10,000.00 that was raised at Town Meeting under the Municipal Finance Act to finance the Highland Street Project was borrowed from the Peoples National Bank. The money was borrowed at an interest rate of 4% and will be paid back over a three-year period. By amortizing the loan over three years instead of over the customary five-year period, the Town will save approximately \$400.00 in interest. The amount of interest saved will increase if the principal that falls due every year is paid back before the year's interest is able to accrue.

The Selectmen, who also serve as the Town assessors, completed a reassessment of all property. The reassessment was done over a period of three years and its purpose was to establish more realistic values on all property.

The proportional factor was increased from thirty and one-third per cent to sixty per cent. This factor represents the percentage of actual value upon which assessments are based. The factor was increased in order to reduce the tax rate. In 1959 the total tax rate (a combination of the Town, School, County, and Precinct rates) was well above \$8.00 per hundred. The rate had to be decreased in order to meet the State Tax Commission's requirement that the tax rate shall not exceed \$8.00 per hundred or \$80.00 per thousand.

The Town extends its sympathy to the family of Mr. Joseph Platt, the night police officer who recently passed away. Mr. Platt was a loyal and conscientious employee whose absence from the Town scene will be missed.

Respectfully submitted,

J. DONALD REIMENSCHNEIDER,

Town Manager

**TOWN WARRANT
TOWN OF NORTHUMBERLAND
THE STATE OF NEW HAMPSHIRE**

To the inhabitants of the town of Northumberland, qualified to vote in town affairs:

You are hereby notified to meet at the Groveton High School Auditorium in said town, on the second Tuesday of March next, March 14, 1961, to act upon the subjects hereinafter mentioned. The polls will be open at said place and date from 9:00 o'clock in the forenoon until 6:00 o'clock in the afternoon for the reception of your ballots under the Australian Ballot Laws; furthermore, you are hereby warned that on said date and place, at 9:30 o'clock in the forenoon, the matters of appropriations and such other business properly coming before said meeting will be taken up for your consideration and action.

ARTICLE 1.* To choose by ballot the following town officers for the ensuing year: a town clerk, a town treasurer, and two auditors.

ARTICLE 2.* To choose by ballot the following town officers for the ensuing three years: one Selectman, one library trustee, and one trustee of the trust funds.

ARTICLE 3. To see if the town will instruct its Selectmen to appoint all other town officers as required by law.

ARTICLE 4. To see what sums of money the town will vote to raise and appropriate to defray the following town charges for the ensuing year: (1) Town Officers' salaries; (2) Town Officers' expenses; (3) Election and registration; (4) Municipal Court; (5) Town Hall; (6) Police; (7) Fire; (8) Planning and zoning; (9) Blister rust and care of trees; (10) Insurance; (11) Civil Defense; (12) Health Department; (13) Vital Statistics; (14) Dump maintenance; (15) Northumberland rubbish collection; (16a) Summer maintenance; (16b) Winter maintenance; (17) General expenses of Highway Department; (18) Town road aid; (19) Street lighting; (20) Public library; (21 and 22) Public Welfare; (23) Memorial Day; (24) Band concerts; (25) Youth Center; (26) Water maintenance; (27) Sewer maintenance; (28) Cemeteries; (29) Damage and legal expenses; (30) Advertising and regional expenses; (31) Retirement and Social Security; (32) Grant to Weeks Memorial Hospital; (33) Highways and bridges; (34) Water and sewer construction; (35) Sidewalk construction; (36) New lands, buildings, and equipment; (37) Interest; (38) Long term notes; (39) Short term notes.

ARTICLE 5. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 to purchase from the F. E. and R. W. Moses Estates, Lots numbered 98, 99 and 130 of the lots in said town, containing 300 acres, more or less, being water shed lots.

ARTICLE 6. To see if the town will vote to purchase a new four wheel drive snow plow, and to raise and expend for the same a sum not to exceed nine thousand dollars (\$9,000.00) and to authorize the Selectmen to borrow upon the note of the town a sum not in excess of nine thousand dollars (\$9,000.00), a such rate of interest and payable at such time and place in accordance with Chapter 33 of the 1955 Revised Statutes Annotated and amendments thereto, entitled "Municipal Finance Act," as the Selectmen shall decide.

ARTICLE 7. To see if the town will vote to raise and appropriate the sum of \$400.00 to paint and repair the library building.

ARTICLE 8. To see if the town will vote to raise and appropriate the sum of \$2,500.00 to repair the town clock, foot bridge, and covered bridge.

ARTICLE 9. To see what sum of money the town will vote to raise and appropriate to supplement the money raised at the last town meeting to purchase a Civil Defense warning system.

ARTICLE 10. To see if the town will vote to raise and appropriate the sum of \$1,700.00 to cover the cost of a war memorial with the names of those men who served in the military service during the "Korean Conflict."

ARTICLE 11. In event the preceding article is turned down, to see if the town will vote to raise and appropriate the sum of \$55.00 to cover the cost of three name plates plus a slightly larger one, denoting "Korean Conflict." The name plates would be placed on the present war memorial and would have on them the names of those men who gave their lives during the Korean War.

ARTICLE 12. To see if the town will vote to raise and appropriate the sum of \$1,500.00 to build a road over and to lay a sewer line under Cottage Street between First Street and the water tank, a distance of approximately 350 feet. (Inserted on petition of ten voters.)

ARTICLE 13. To see if the town will vote to extend the 6" water main from the present end near the Louis Miccuci house in a southerly direction along the D. W. Highway to a point opposite the residence of William Newsom, being a proposed new water line for a distance of approximately 6,000 feet, and for this purpose, to authorize the Selectmen to borrow upon the note of the town a sum not in excess of twenty-one thousand dollars (\$21,000.00), at such rate of interest and payable at such time and place in accordance with Chapter 33 of the 1955 Revised Statutes Annotated and amendments thereto, entitled "Municipal Finance Act," as the Selectmen shall decide. (Inserted on petition of ten voters.)

ARTICLE 14. In the event Article 13 is turned down, to see if the town will vote to extend the 6" water main from the present end near the Louis Miccuci house in a southerly direction along the D. W. Highway to a point opposite the residence of Dorothy Stone, being a proposed new water line for a distance of approximately 3,000 feet, and for this purpose to authorize the Selectmen to borrow upon the note of the town a sum not in excess of twelve thousand dollars (\$12,000.00), at such rate of interest and payable at such time and place in accordance with Chapter 33 of the 1955 Revised Statutes Annotated and amendments thereto, entitled "Municipal Finance Act," as the Selectmen shall decide.

ARTICLE 15. To see if the town will vote to lay a new 6" water main starting at the 6" water line that comes down from the water tank and ends at the junction of Cottage and First Streets, thence extending to the residence of Nellie Hall located at the upper end of Graham Road, being a proposed new water line for a distance of approximately 2300 feet, and for this purpose to authorize the Selectmen to borrow upon the note of the town a sum not in excess of eight thousand six hundred dollars (\$8,600.00), at such rate of interest and payable at such time and place in accordance with Chapter 33 of the 1955 Revised Statutes Annotated and amendments thereto, entitled "Municipal Finance Act," as the Selectmen shall decide. (Inserted on petition of 17 voters.)

ARTICLE 16. To see if the town will vote to raise and appropriate the sum of \$3,500.00 for the bicentennial anniversary of the Town of Northumberland.

ARTICLE 17. In the event Article 16 is approved, to see if the town will vote to authorize the bicentennial committee appointed by the Selectmen to prepare and carry out the anniversary program.

ARTICLE 18. To see if the town will vote to authorize the Selectmen to file in behalf of the town an application (in form and manner required by the United States and in conformity with P. L. 560, 83rd Congress) and do whatever else may be required for an advance, in the amount of \$20,000.00, to be made by the United States to the town of Northumberland to aid in defraying the cost of final report and plan preparation for sewerage and sewage treatment facilities for the town of Northumberland, and, further, to see if the town will make the necessary arrangements to provide such additional funds as may be required to defray the cost of preparation of the report and plans.

ARTICLE 19. To see if the town will vote to adopt the provisions of the Municipal Budget Law.

ARTICLE 20. If the vote on Article 19 is in the affirmative, to vote to establish the number of members-at-large on the Budget Committee at three, six, nine or twelve.

ARTICLE 21. If the vote on Article 19 is in the affirmative, to vote to determine whether the members-at-large of the Budget Committee shall be appointed by the moderator, or elected by the town meeting.

ARTICLE 22. If the vote on Article 19 is in the affirmative, and if under Article 21 the meeting votes to elect the members-at-large of the Budget Committee, to elect the number of members-at-large determined by Article 20, one-third of the members-at-large to be elected for one year, one-third of the members-at-large to be elected for two years, and one-third of the members-at-large to be elected for three years. (Inserted on petition of 26 voters.)

ARTICLE 23. To see if the town will vote: (1) To adopt the proposed Building Code Ordinance as recommended by the Planning Board, copies of said proposed ordinance are now on file in the office of the Board of Selectmen, and the office of the Town Clerk, for examination by the public, and said proposed ordinance is hereby incorporated as part of this warrant article by reference; (2) appoint the Town Manager as Inspector of Buildings as set forth in said proposed ordinance; (3) and in the case of a vacancy to authorize the Selectmen to appoint an Inspector of Buildings; all in pursuance of the authority conferred by Chapter 156, Sections 1 to 5 inc. and Chapter 156-A, Sections 156-A:1 to 156-A:6 inc. of the New Hampshire Revised Statutes Annotated.

ARTICLE 24. In event the town votes to adopt the preceding article, then to see if the town will vote to annex the following penalty for any violation of such ordinance, to-wit: "Every person, firm, or corporation violating any of the provisions of said Building Code Ordinance shall be fined not more than ten dollars upon conviction for each day such violations may exist."

ARTICLE 25. To see if the town will vote to approve and adopt the proposed Rules and Regulations recommended by the Selectmen for the governing of the town's water and sewer systems, copies of said proposed Rules and Regulations are now on file in the office of the Board of Selectmen and the office of the Town Clerk, for examination by the public, and are hereby incorporated as part of this warrant article by reference.

ARTICLE 26. To see if the town will vote to discontinue a section of the old D. W. Highway (Route 3), from where it leads off the new D. W. Highway and extends along in front of the Willard Hickey garage building now occupied by Roland Stevens, to where it dead ends, and designated on the N. H. State Highway plan as being between Station 104+00 and Station 113+50.

ARTICLE 27. To see if the town will vote to authorize the Selectmen to install parking meters in certain areas of Groveton village (as set forth in the hereinafter mentioned ordinance) and to adopt said ordinance relating to the purchase, leasing, acquiring, installation, operation, maintenance, supervision, regulation, and use of said parking meters. Copies of said ordinance are now on file in the office of the Board of Selectmen and the office of the Town Clerk, for examination by the public, and said ordinance is hereby incorporated as part of this warrant article by reference.

ARTICLE 28. To see if the town will authorize its Selectmen to incur debts for temporary loans in anticipation of taxes and of the municipal year in which such debts are incurred and made payable therefrom, by such vote, and pass any vote relating thereto.

ARTICLE 29. To see if the town will vote for a scale of discounts for the prepayment of real estate and personal property taxes on the basis of three per cent if paid by June 1, 1961, two per cent if paid by August 1, 1961, and one per cent if paid by October 1, 1961, or any other scale of discount that the town will vote to determine.

ARTICLE 30. To see if the town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and to make an appropriation to cover the expenses of such audit.

ARTICLE 31. To hear the reports of agents, auditors, committees or other officers heretofore chosen, and pass any vote relative thereto.

ARTICLE 32. To transact any other business that may legally be brought before said meeting.

Given under our hands and seal this twenty-fourth day of February, 1961.

* Articles numbered 1 and 2 will appear on the official printed ballots.

REPORT OF HEALTH OFFICER — 1960

Communicable diseases reported to the Health Officer during 1960 were as follows:

Infectious mononucleosis, 1; Mumps, 3; Influenza, 22; Streptococcal Throat, 40; Chicken Pox, 32; German Measles, 4; Measles, 101; Bronchopneumonia, 2; Impetigo, 11; Ringworm, 4; Trench Mouth, 4; Roseola, 1. This represents only a portion of the diseases actually present during the year, but many do not get reported to this officer. Measles was the only disease with an unusually high incidence, although an epidemic of chicken pox commenced at the end of the year.

During the year the public water supply in Groveton was tested thirteen times by the State and was found free of bacterial contamination each time, which indicates that the chlorination system is functioning well. Several private springs were tested and results given to their owners.

A continuing problem which comes under the heading of Public Health nuisances is the large amounts of soot and fly ash coming from the mill. It is the understanding of the Health Officer that some changes are being instituted in the boilers which may alleviate this problem somewhat, although complete elimination of these offensive materials would require expensive installations.

Several complaints to this department during the year were investigated.

Respectfully submitted,

ROBERT I. HINKLEY, M.D.

Health Officer

NEW HAMPSHIRE
STATE DEPARTMENT OF HEALTH

December 28, 1960

Miss Leonora P. Bell

Town Clerk

Northumberland, N. H.

To the Citizens of Northumberland:

During the year 1960, 106 visits were made in the town.
These visits were as follows:

Crippled Children's		Pre-school	8
Services	23	Regard Polio	16
Hear Testing	4	Regard Triple Toxoid	8
Heart	9	Triple Toxoid Clinics	3
Infants	1	Tuberculosis	17
Nursing Home	1	Tuberculosis Clinic	1
Patch Testing	4	Well Child Conference	1
Polio Clinics	4		

In the Spring 3 Triple Toxoid Clinics were held, with the following results:

Triple:

16 Infants started the series, 9 finished

3 Pre-school started and finished, 73 received boosters

13 School children started and 11 finished, 70 received boosters

Double:

1 School child completed series, 42 received boosters.

Four Salk Vaccine Clinics were held during the year:

	First	Second	Third	Fourth	Total
Under 5	26	11	20		57
5- 9	10	12	15		37
10-14	1				1
15-19	1	1			2
20-40	7	3	4		14
All Ages				814	814
Total	46	27	39	814	926

In June, the Mobile Chest X-ray Unit was in the Community for two days.

In October, 151 students, 17 teachers, 1 custodian, in the school, participated in the new tuberculin testing program, The Heaf Test, which was administered by Dr. William M. Prince, Director, of the Bureau of Communicable Disease Control.

A Well Child Conference was held in June, with 37 children in attendance.

Several children have attended the Pediatric Clinics in Littleton, and also the Orthopedic Clinics in Berlin. One child with Bilateral Congenital Hips is being rehabilitated through Crippled Children's Services, at the Laconia Hospital.

A talk was given to the local P. T. A. in the Fall, on Health Services available to the community.

It has been a pleasure to work with the Citizens of Northumberland, and at this time I would like to thank them for their co-operation.

Respectfully submitted,

ELEANOR D. KENNEY, R.N.

Public Health Nurse, District #2
New Hampshire State Department of Health
